

# 2023 Land Application Training

Direct questions to: Leslie Johnson | 402-584-3818 | [leslie.johnson@unl.edu](mailto:leslie.johnson@unl.edu)

## APPLYING MANURE MANAGEMENT CONCEPTS ON-FARM

Sessions will be held in-person and will include an update on regulations and discussion on how to best use manure on your operation. All-day sessions will meet requirements for Land Application Training. Afternoon sessions will meet needs for Recertification.

### IMPORTANT NOTES!

- Initial land application training certification requires participation in full event (6-6.5 hours).
- Recertification training requires participation in the 2.5 hour session. Alternatively, you may attend the full event.
- **Anyone is welcome.** Crop farmers and livestock operations will learn useful, applied information.
- Registration and more information is available at: [water.unl.edu/lat](http://water.unl.edu/lat)

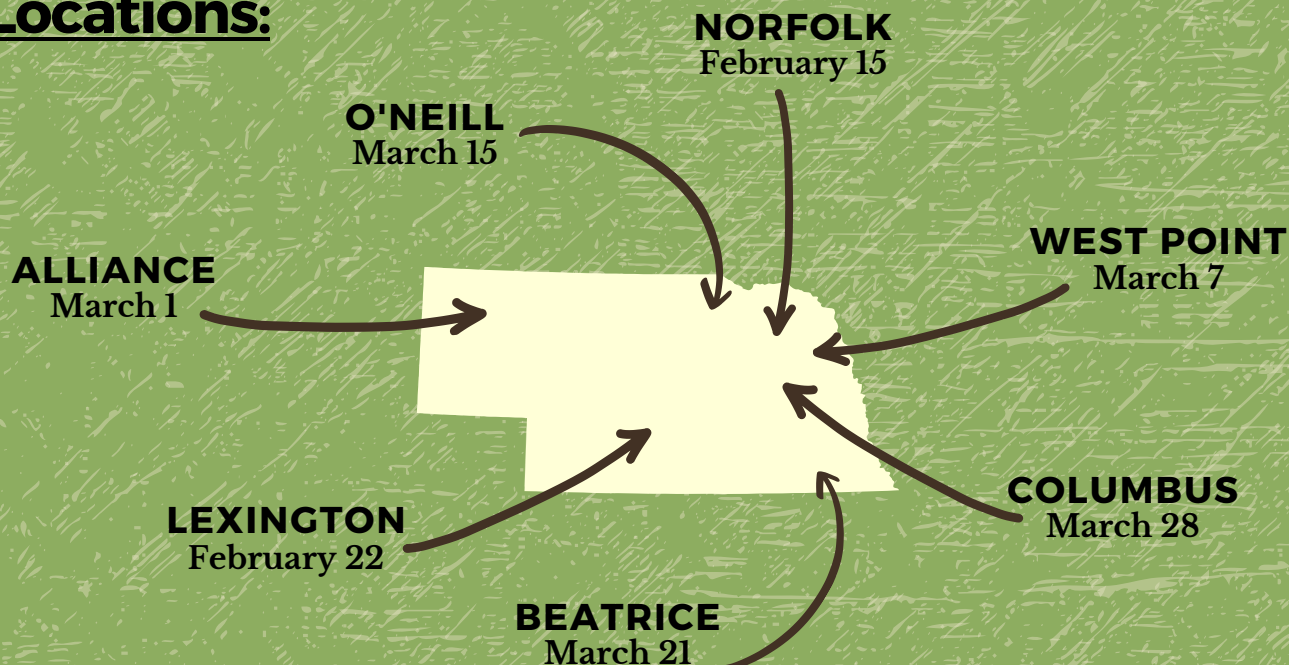

**Pre-registration is required  
and is available at:  
[water.unl.edu/lat](http://water.unl.edu/lat)**

**Cost: \$75 per Operation**

*Multiple people may attend from an operation, but all must be registered.*
